CLASSES

well i finally made it i'm on the top of the world ... well, at least at the top of my class we are fabulous and we are fun ... we're the class of '71 . . . only yesterday we built our fortunes, reputations, and honors ... tomorrow our challenge is peace and a better world for living ... but today, a precious interlude between security and responsibility, we must learn how to share in our joys, sorrows and experience life . . .

AFTERWORD: MOVING TO THE END

the 1971 cardinal comes to a finish ...
record of a year of movement ... a year
of bizarre changes in behavior and
fashions ... students moving with the
times ... keeping in pace ... losing themselves in the crowds ... only to discover
one another again ... a time of new
development ... construction of new
modernized vocational facilities ... a
larger section of courses ...

yes, the year was one of movement ... academically, athletically, and individually ... students striving to meet their goals ... developing new ideas ... meaningful relationships ... finding themselves in this vast, moving world ...

Jan and Jeff
